

FOMS-STORAGE

Patchcord storage shelf

The patchcord storage shelf is a mechanical shelf assembly for patchcord management in a rack environment.

The product has been designed to store overlength of patchcords in 19" equipment racks. Two versions are available: with or without roof.

The unit has the following features

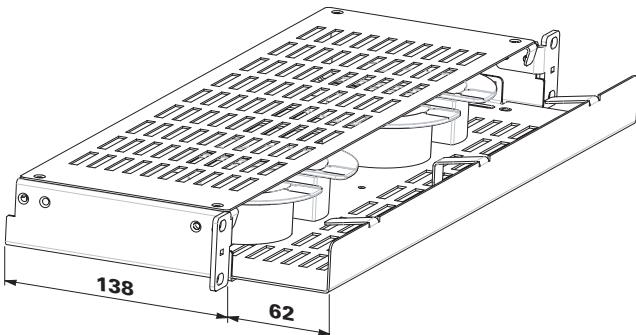

- 19" wide, 44 mm high (1U)
- ETSI mounting brackets are optional available
- Front or back mounting
- Front entrance and exit at the left and/or right
- Accommodates up to 24 patchcords of 3 m or 48 patchcords of 1.5 m
- Perforated roof and bottom tray to allow ventilation of active equipment
- Drums to ensure bend radius protection.

Dimensions and capacity

| Dimensions (mm) | |
|----------------------------------------|----------|
| Height | 44 |
| Width (with/without mounting brackets) | 481/444 |
| Depth | 200 |
| Capacity for 2,4m patchcords | 24 x 3 m |

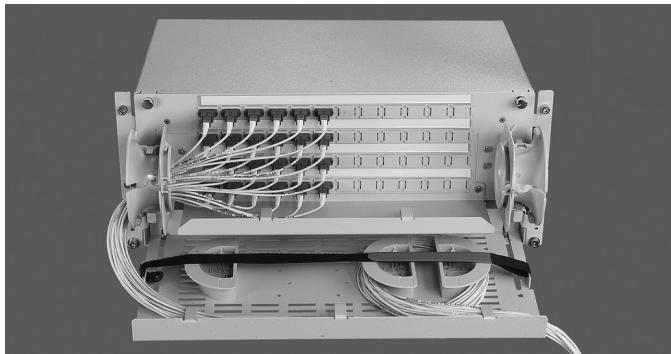

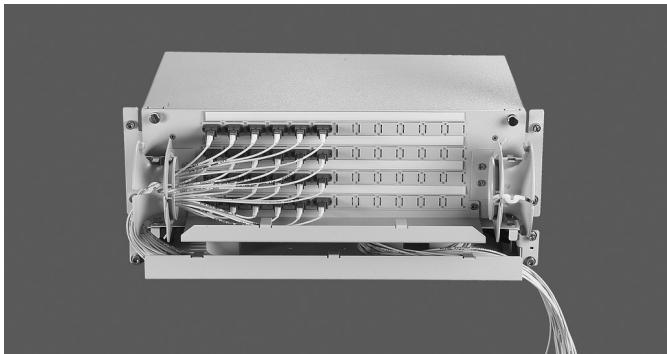

The shelf is painted (powder coated) in light grey (RAL-7035).

Depth occupation inside the rack

The drawer is always protruding 62 mm from the chassis.

Typical application

The FOMS-STORAGE shelf in combination with a 3HU front patching shelf.
