

RABC

Ready access butt closure

- The RABC ready access butt closure is a fully sealed closure combining the mechanical dome and clamp system for easy joint access with heat-shrinkable sealing for the cables
- Heat-shrinkable dome ended closure
- Suitable to environmentally seal telephone splices in the aerial or underground unpressurised network
- Joint closure for both new construction and maintenance applications
- Accommodates up to 4 cables out
- Installable over existing joints
- Simple installation using a standard joiner's torch
